

CTT & MGP 2026 ACCREDITATION SYSTEM

Frequently Asked Questions

Classic TT & Manx Grand Prix Accreditation System: Frequently Asked Questions

General Overview

The Who, What, Where, Why, How of the new system.

1. Why is the pass system changing?

The previous system had too many pass types, inconsistent governance, weak vehicle controls, and limited data capture. It was administratively unsustainable and presented safety and operational risks.

The system has been updated to:

- Improve security and access control
 - Provide clearer pass types and permissions
 - Ensure better governance and audit-ability
 - Reduce the need for on-site processing
-

2. What is the new system?

The accreditation system is a new online platform that manages all personnel and vehicle passes. It replaces previous processes and provides a more structured, secure, and efficient way to issue and manage passes.

3. Who needs to use the system?

All individuals requiring a pass for the CTT & MGP must use the system, including:

- Officials
 - Team personnel
 - Guests
 - Contractors and event staff
-

4. What are the main access categories?

Key categories include:

- Official
- Team Personnel
- Guest
- Access All Areas

Each category has defined access areas and responsibilities as shown in the Pass Regulation document.

5. What changes in terms of access for Team Personnel?

Team Personnel will still be permitted access to areas they previously had right to access. However, there has been the removal of the 'Pit Lane' pass and 'Pit Return Lane' pass. These areas can now be accessed using the Team Personnel pass alone.

6. What changes in terms of access for Guests?

Guests will not be permitted to the working areas which include the Assembly Area, Grid and Pit Return Lane. This is in the interest of safety to minimise the number of non-essential personnel in the working environments.

7. Why is Pre-event accreditation mandatory?

Early application:

- Reduces on-site administration
 - Improves safety and emergency response capability
 - Enables better planning and accountability
 - Aligns with major event best practice
-

8. How will this improve safety?

Accurate data capture (including emergency contact information), controlled working-area access, and clear accountability significantly reduce operational and safety risks.

9. Where is the Accreditation Office?

The Accreditation Office is located in the Ticket Office which can be found to the left of the Tower, under Grandstand 4/5.

Getting Started

10. How do I log in?

- Go to: <https://accreditation.iomtraces.com/login>
 - Enter your registered email address
 - You will receive a 6-digit login code via email
 - Enter the code to access your account
-

11. Do I need to create an account?

No — your account will already have been created for you using your email address.

12. What if I don't receive my login code?

- Check your spam/junk folder
 - Allow a few minutes for delivery
 - If you still haven't received it, contact accreditation@iomtraces.com
-

Completing Your Accreditation

13. What information do I need to provide?

You will typically need to provide:

- Personal details (name, contact information)
 - Emergency contact details
 - A passport style photograph for your pass
-

14. Do I need to complete the declaration?

Yes — this is mandatory. The declaration replaces previous signing-on processes and must be completed before your pass can be issued.

15. What happens after I submit my details?

- Your application will be processed
 - Your pass will be printed
 - You will be informed when and where to collect your pass
-

16. Do I need to do anything else after submitting?

No — once submitted and confirmed, no further action is required unless contacted.

Deadlines and Timing

17. Is there a deadline to complete accreditation?

Yes – all applications must be completed before the stated deadline.

Failure to do so may result in:

- Delays on arrival
 - Delays in pass collection
 - Potential access restrictions
-

18. Can I apply on arrival?

Only in exceptional circumstances. Vehicle passes must be applied for prior to event or you will not be granted access to the site. The system is designed to ensure all passes are processed in advance to avoid delays and congestion at the event.

Pass Collection and Use

19. When will I receive my pass?

- Passes will be printed in advance and made available for collection.
 - You will be notified of collection details separately.
-

20. Do I need to bring anything to collect my pass?

- You will be required to provide identification when collecting your pass and an ID number you will have received with your confirmation email.
 - Further details will be provided in advance.
-

21. What should I do with my pass during the event?

- Passes must be worn and visible at all times
 - Passes are personal and must not be shared
 - You must follow all instructions from security and event staff
-
-
