This licence is a requirement for ALL COMPETITORS taking part in the 2026 Isle of Man TT Races held on the TT Mountain Course. All applicants must complete Section 2 Medical Report, and Section 3 Pay Slip. The fee is £30.00 (in addition to any other licence fee). Licence holders must have held a National licence for Road Racing for a minimum of 12 months prior to the first day of qualifying.

DOCUMENTARY EVIDENCE OF THE FOLLOWING ADDITIONAL REQUIREMENTS MUST BE SUPPLIED WITH THIS APPLICATION:

ALL APPLICANTS: All applicants must have competed satisfactorily in at least six Road Race Days in the period of 31st March 2025 to 1st May 2026. A minimum of TWO of the SIX required race days must be in the 2026 season.

ALL NEWCOMERS: THREE of the SIX required race days must show the rider as having finished the race and have an average race speed equal to or greater than 92.5% of their respective CLASS winner. (ACU National licence upgrade qualifying criteria).

ALL APPLICANTS: ONE result will be permitted from each racing day of a short circuit Road Race meeting to a maximum of TWO per meeting. ONE result will be permitted from each racing day of a Closed Public Road Race circuit meeting to a maximum of TWO. Qualifying for the 2025 TT or Manx GP races will count as one race day and finishing in a 2025 TT or Manx GP race will count as a second race day. A competitor who competes in both the TT and the Manx GP may count a maximum of 3 results. In exceptional cases Test Days may be taken into consideration. For a Test Day to be considered as one day, participants must complete a minimum of 50 laps during the Test Day.

CLOSING DATES FOR RECEIPT OF APPLICATION FORMS: 11th May 2026. Completed forms should be sent together with the SIX race result sheets and fee to ACU Road Race Department, ACU House, Wood Street, Rugby, Warwickshire, CV21 2YX.

NOTE: THE ISSUING OF A TT MOUNTAIN COURSE LICENCE DOES NOT GUARANTEE AN ACCEPTED ENTRY FOR COMPETITION

All Competitors must book an appointment and visit their own General Practitioner (GP)/Doctor to complete the Medical Section of the Mountain Course Licence (MCL) before their arrival on the Isle of Man.

SECTION 2 – MEDICAL REPORT

TO BE COMPLETED BY ALL APPLICANTS. YOU MUST PAY ANY FEE CHARGED FOR THE MEDICAL EXAMINATION AND FOR THE COMPLETION OF THIS FORM.

TO YOUR DOCTOR: Please read these guidance notes before filling in this section. The person to be examined is applying for a licence to compete in motorcycle sport events. Particular care should be taken to ensure that the applicant does not suffer from any condition which might result in sudden loss of control of his/her motorcycle thus endangering other riders, officials and spectators. The controls of a motorcycle normally require the use of all four limbs. The applicant must be able to control his/her motorcycle under fierce acceleration and braking forces. Competition places both physical and mental demands on the rider.

- Cardio-vascular system:** In general, a heart attack or serious cardio-vascular disease would normally exclude a rider from speed events. Special attention should be paid to blood pressure and cardiac rhythm disorders. In such cases a certificate from a Cardiologist including the results of any test the Cardiologist considers necessary, must be submitted with the Medical Report form.
- Neurological and psychiatric disorders:** In general applicants with a serious neurological or psychiatric disorder will not be granted a licence. Fits or unexplained loss of consciousness: A licence will not be issued if the applicant is an epileptic, has suffered a single epileptic fit or has suffered an unexplained loss of consciousness.
- Diabetes:** A well-controlled diabetic may be passed as fit to compete. They require evidence from their Consultant Diabetologist, or their own General Practitioner/regular medical attendant if are not under consultant care, that the diabetes is normally well controlled, that they are not subject to hypoglycaemic or hyperglycaemic attacks (no significant episodes in preceding year), that they have no neurological or ophthalmic complication associated with diabetes and that they understand their diabetes, its monitoring and management.
- Limbs:** The applicant should have sufficient power, co-ordination and sensation in his/her limbs to maintain full control of his/her machine. An applicant with an organic or functional loss of a limb or part of a limb may be referred to the ACU medical panel and be subject to "on track" assessment.
